In 2013 we are adding an exciting historic post card exhibit just inside the museum doors that is sure to be popular with visitors. The exhibit is being created by Eric Bard and will include blow ups of some of the best Wildwood By-the-Sea post cards created by his company, Aladdin, over the past 50 years.

There will also be an new exhibit by Doo Wop board member and Crest Historic Commission president, Kirk Hastings. That exhibit will include many beautiful motel photos from Kirk's sell out history book of the resort's unique motels.
